CLASS DESCRIPTIONS:

Pre-Ballet: Experience the joy of dance, learn the traditional French terminology, and experience various musical styles in this magical ballet class. We focus on body awareness and coordination with fun props that include teddy bears, rose bouquets and ribbons. We begin traditionally at the ballet barre and continue the class in a professional manner.

Ballet: Begin at the ballet barre using the French terminology and continue to center with across the floor work, stretches, jumps and leaps. We teach a mixture of contemporary & traditional with combinations of both the Vagonova and French technique.

Jazz – Hip Hop: Learn all the latest moves including tricks and turns in these high energy classes. Basic jazz warm-ups begin our class along with floor stretches and funky dance moves. Learn a dance routine that will improve your coordination and rhythm.

Contemporary / Lyrical: Contemporary dance is an expressive style of dance that abandons the rigid, centered aspect of classical dance and utilizes unconventional movements from styles around the world, as well as elements of ballet, jazz, and modern. Lyrical dance centers on movements that inspire strong feelings and emotions, ballet and jazz.

Tap: Class includes a traditional tap warm up and floor exercises including all the basics of rhythm tap and building to add a routine at the end of class.

Musical Theatre: MT combines music, dance and acting to communicate the different aspects of a production or story. This type of dance is found in Broadway musicals and films.

COMPETITION TEAM: Our studio is represented at regional competitions by a dedicated group of dancers in the genres of ballet, tap, jazz, contemporary, lyrical, musical theatre and hip hop. Class requirements include ballet, jazz lyrical and team. Contact our competition team director Bryana Meyers – raadancetustin@gmail.com
